# About us

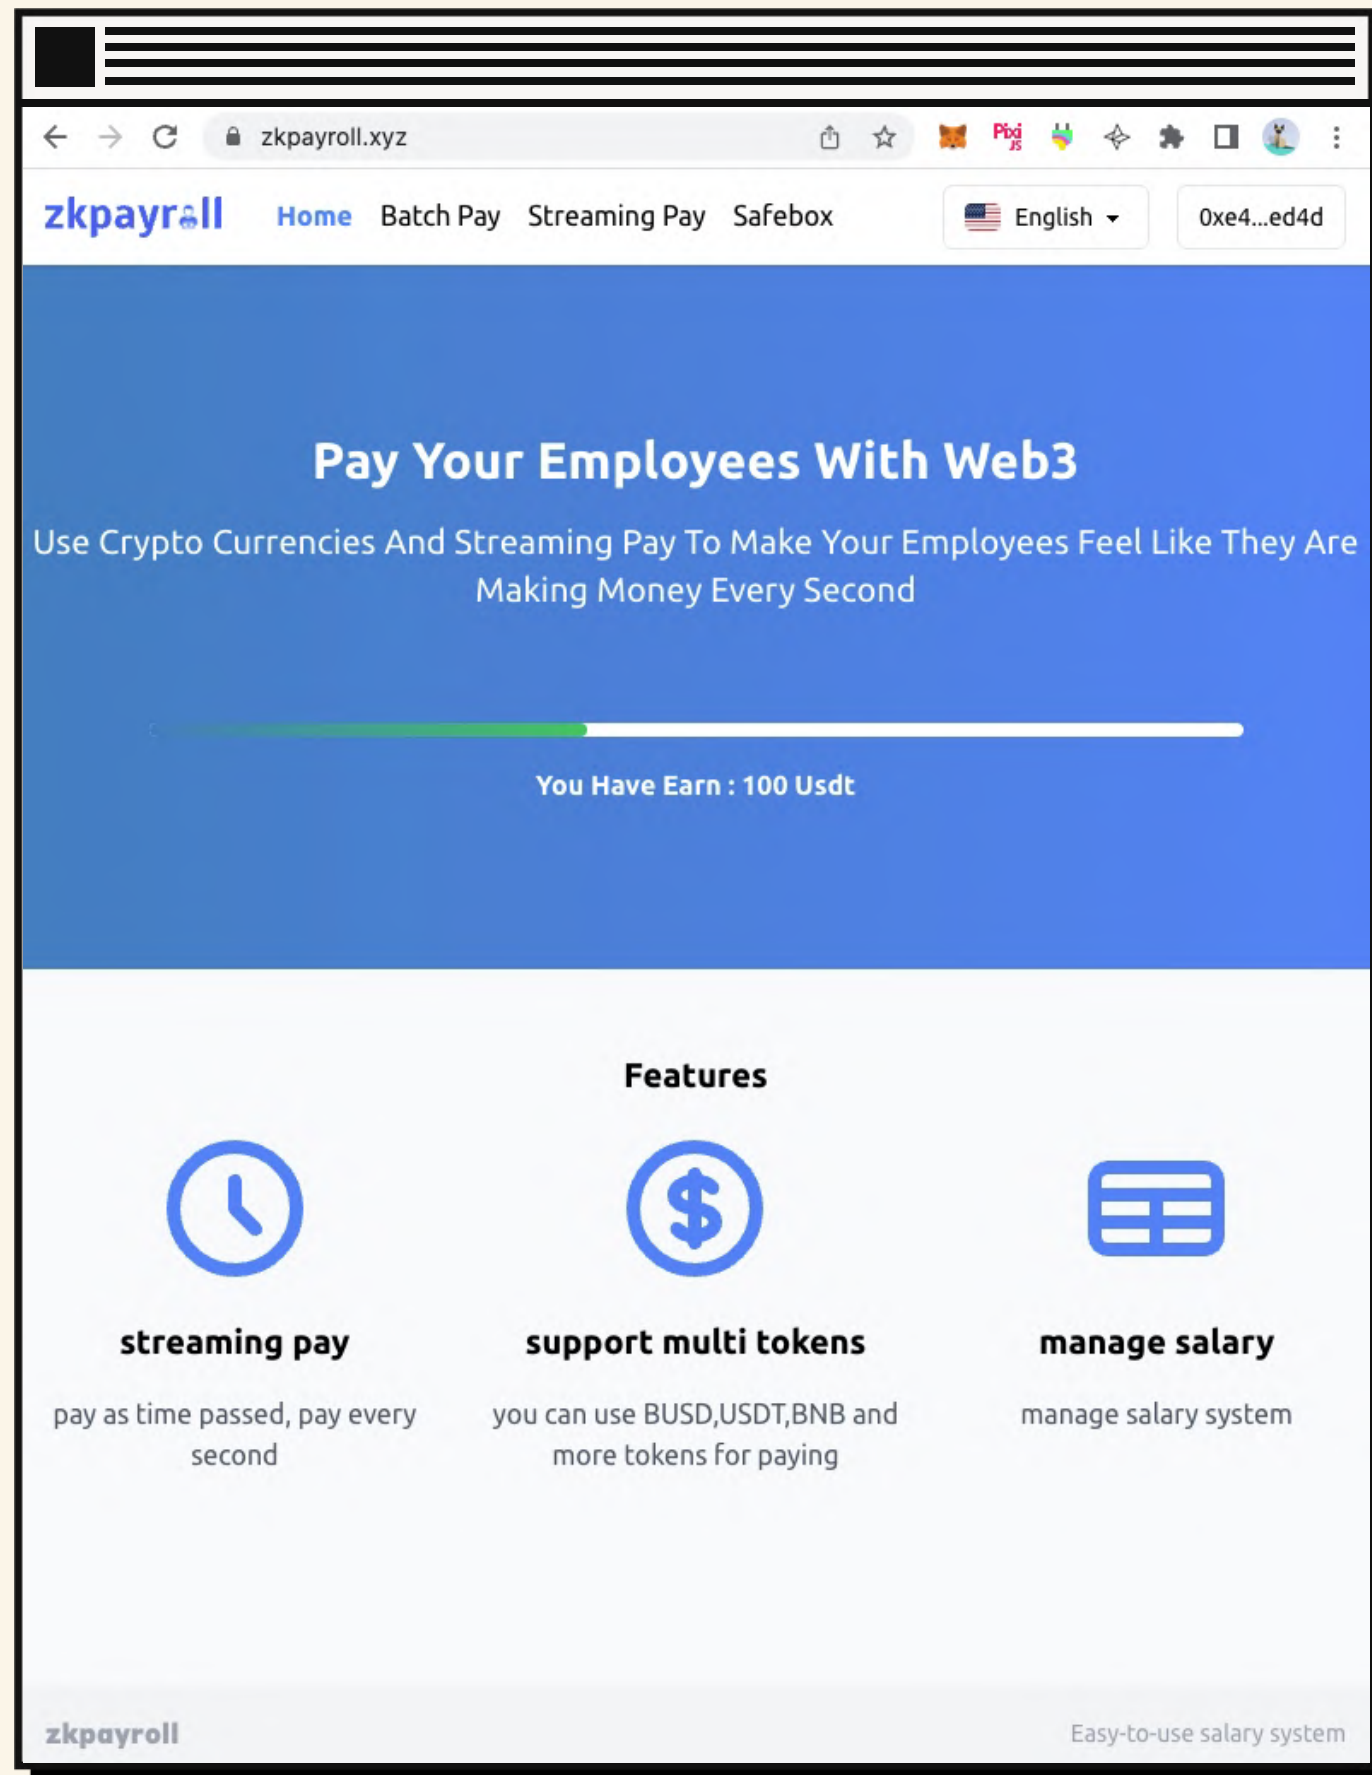

We're coders, we feel zero knowledge interesting in Web3, we did the tech research, then built zkPayroll for BNB Hackthon and gain the Champion of DAO track.

And then, we built zkSafebox to protect user's assets.

# zkPayroll

a tool for salary manage and distribute

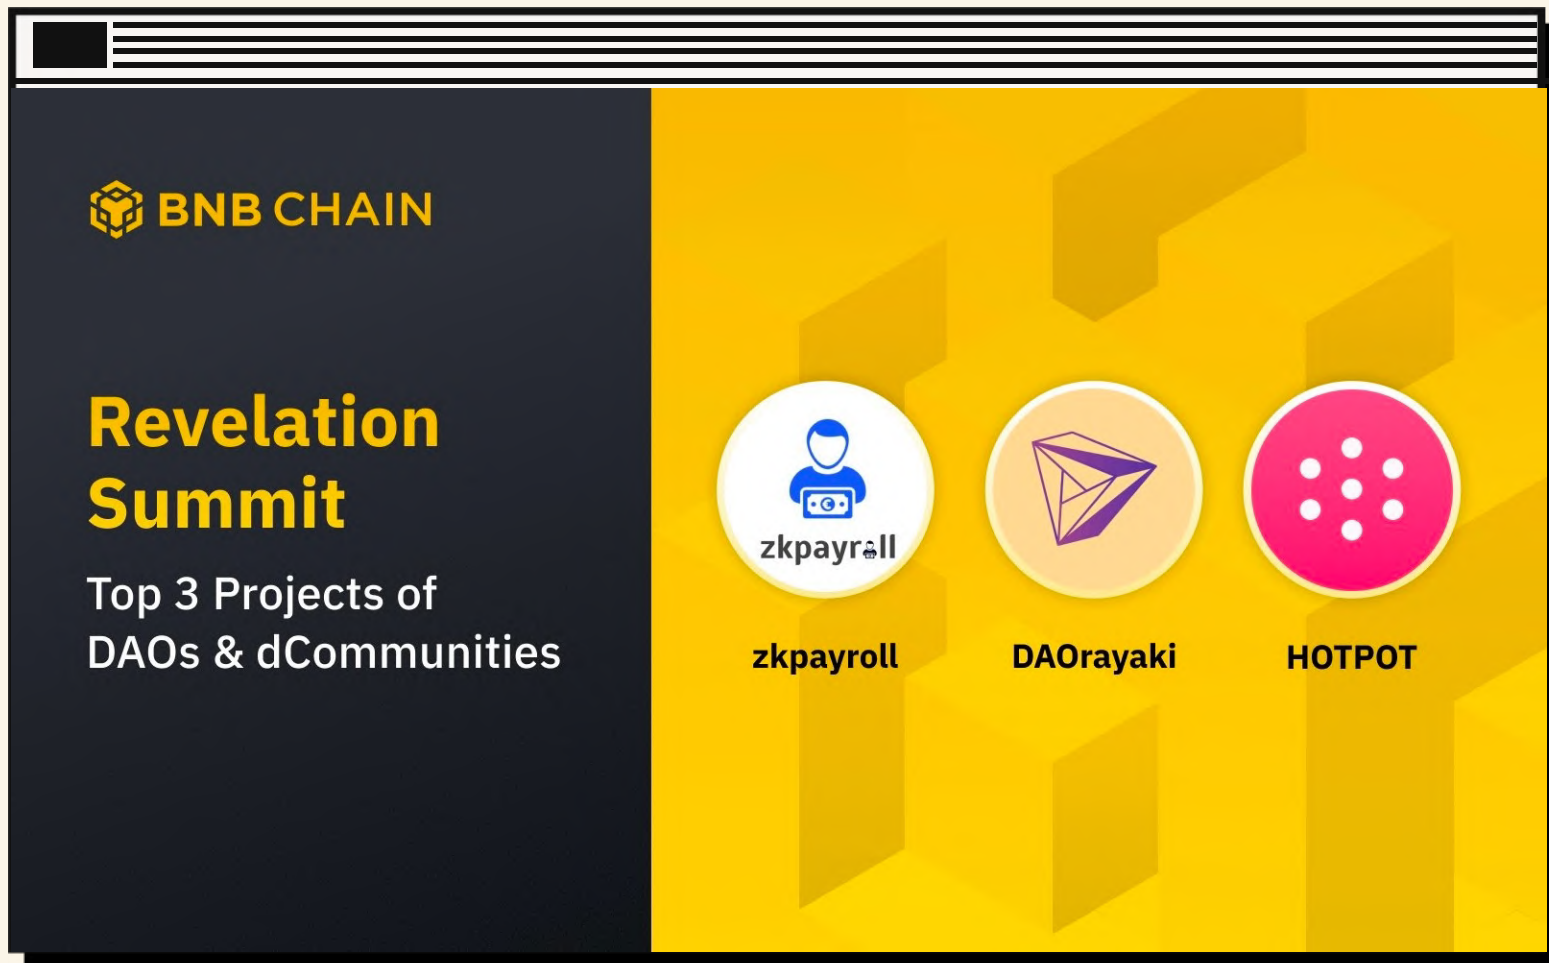

# zkPayroll

## Features

- Bath Pay: Bath multiple payments into one tx.
- Steaming Pay: Users receive salary every second.
- Safebox: Using ZK to Protect user's assets.

# zkSafebox

split from zkPayroll and rebuild

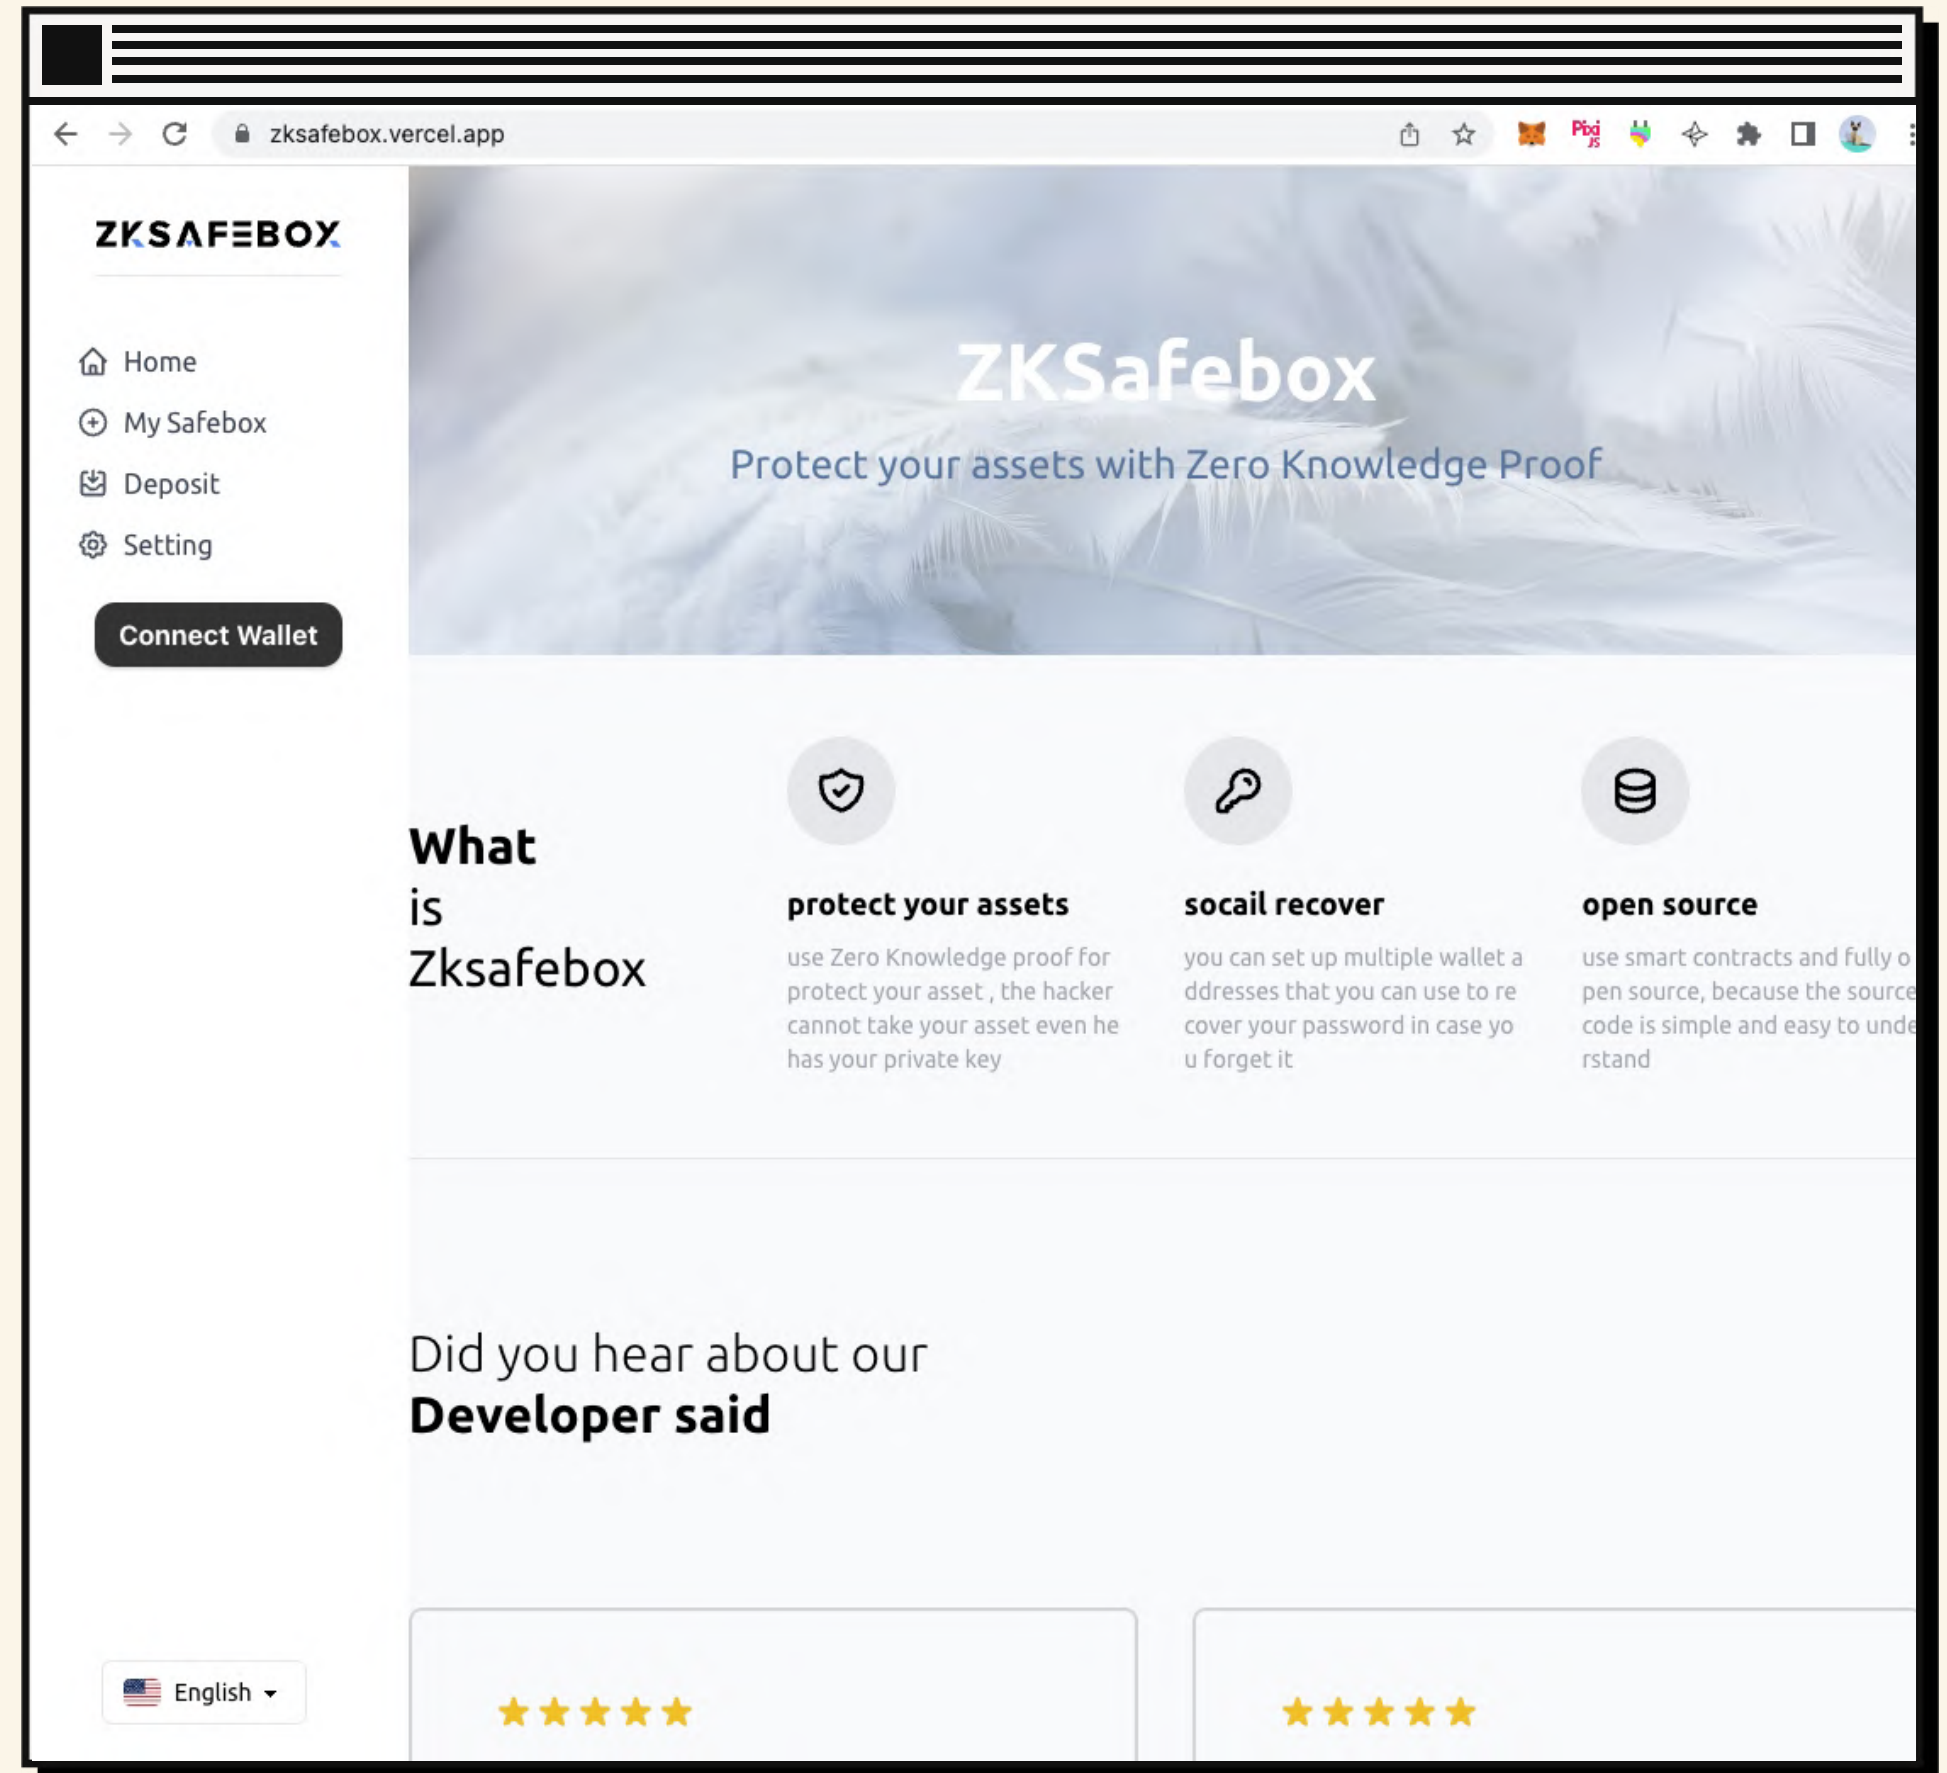

# zkSafebox

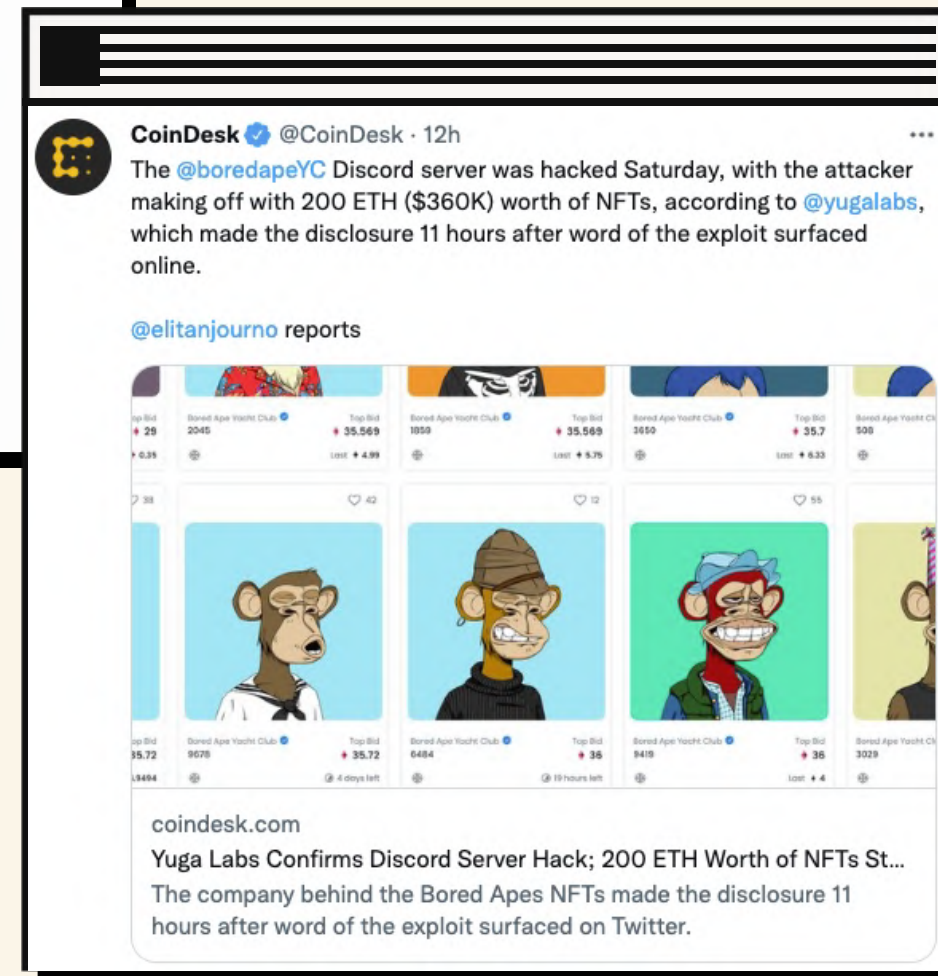

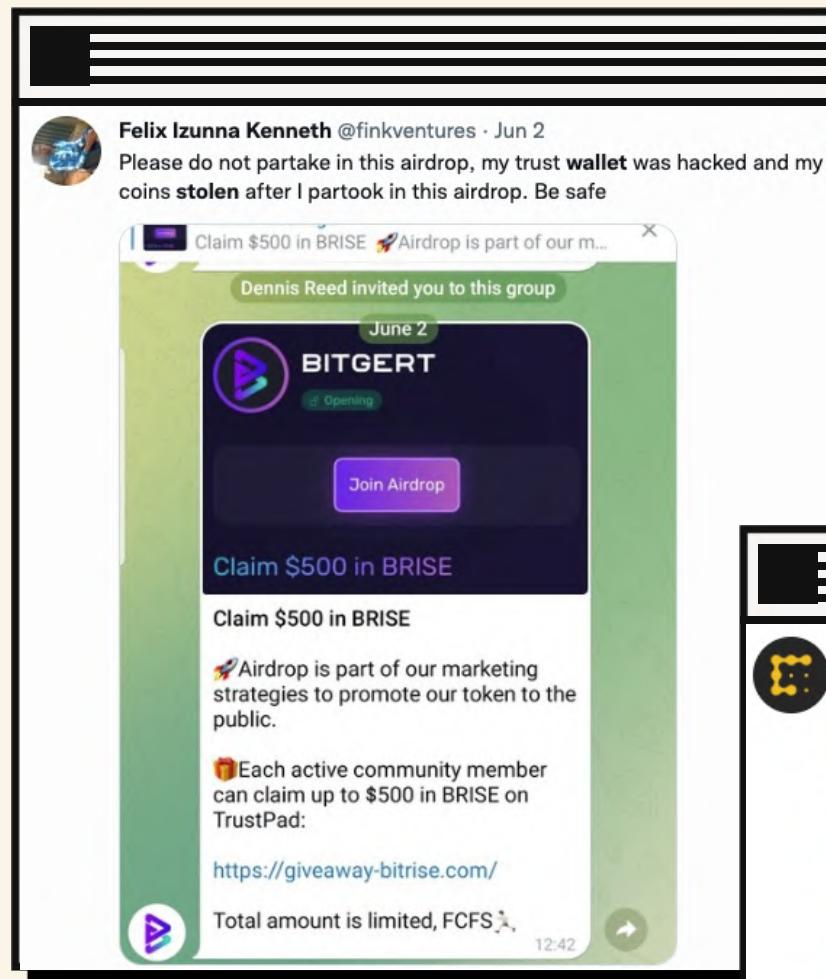

## Features

- Safebox: Using ZK to protect user's assets with password.
- Social Recover: If you forget your password, your friends can help you to cover it.

Crypto investors lose almost \$700 million to blockchain hackers in Q1 2022. The crypto market is attracting more attention from cybercriminals, who have stolen nearly \$700 million from crypto platforms in Q1 2022.

Crypto stolen happens everyday. Using zkSafebox can avoid these, even though the private key is stolen.

The screenshot displays the 'Create Payment for BusyApeDAO' interface. At the top, there's a navigation bar with a 'Back' button and a 'Create Payment for BusyApeDAO' title. Below the title, there are five buttons: '+ New Payment', 'Switch to multi-recipient', 'Bulk Edit', 'Add with CSV', and 'Review 1 Payment'. The main content area is titled '#1 Payment on Arbitrum One'. It includes a 'Recipient' section with a text input field 'Enter recipient address...'. Below this is an 'Amounts' section with a text input field '0.00', a dropdown menu 'Token Not Supported', and a '+ Add row' button. The 'Details' section is expanded, showing a list of fields: 'Project' (Manage 1 options), 'Department' (Manage 5 options), 'Select a category:' (with options: Contributor compensation, Expense reimbursement, Grants, Airdrop, Other), 'Compensation type' (Manage 4 options), 'Date of service' (Select a Date), and 'Description' (Enter text).

The screenshot displays the zkpayroll web application interface. At the top, there's a navigation bar with the zkpayroll logo, links for Home, Batch Pay (active), Streaming Pay, and Safebox. A language dropdown is set to English, and a user profile icon is visible. The main content area is titled "Batch Pay" and features a "Salary List" table and a "Salary Statistics" table.

# Future Plan

To Be PayPal in Web3

We're trying to build ecosystem base on zkSafebox.

The cooperation market is growing fast in Web3.
